Dear
Rini Febrianti,

We have received the reports from our reviewers on your manuscript, "Relationship of Mom's Knowledge About Delivery Technique And Perineum Rupture In Normal Delivery At The Yani Delitua Midwife Clinic In 2022" which you submitted to Journal of Capacity in public health systems and workforce, Dentistry, Environmental Health, Environmental Science, Health Economic and Policy Studies, Health Law and Ethics, Health Professions, Maternal and Child Health, Medical Science, Midwives, Nursing, Public Health Nutrition, Public Health Practice and Impact, Reproductive Health Islamic and Health.

Your article requires minor revision. Find notes on the revision of your article in the attachment to this letter.

Reviewer 1

Please make sure that your article refers to our Author Guidelines. Abstract should contain introduction, method, literature review, and result.

Author must show why this research is important or urgent to do in relation to the current literature.

Abstract is too long and wordy, the abstract must be concise and interesting in showing the problems, objectives, methods and novelty of the research results

Reviewer 2

The author must map similar studies beforehand to show the novelty of this research.

The discussion is not in depth, so deepen the discussion with the findings of previous researchers. References need to be added to the latest relevant journal articles in the last 5 years.

Best regards, Editor Office
